Our Red 42 Coffee...

We use only the finest 100% Arabica beans from Brazil, Guatemala and Ethiopia for a complex flavour with full body and fruity notes. The flavours you will maybe experience include almond, sugar and fruits and on the nose you are likely to sense are fruity and floral.

We use automated bean to cup coffee machines so if you suffer from an intolerance to milk we advise you do not order a coffee as we cannot guarantee your coffee is 100% milk free.
